:: IMPORTANT INFORMATION ::

Due to the situation related to the global threat of SARS-Cov-2 coronavirus causing COVID-19 disease and the war caused by Russia in the Ukraine, the Organizing Committee informs that:

XII International Symposium of Young Researchers TRANSPORT PROBLEMS will be held in 2023 on 19-20 June in a mixed offline (traditional) & online way.

For online way, the participant must obtain approval from the Chairman of Scientific Committee.

The organizers, e.g., depending on the epidemiological or military situation, reserve the right to introduce the entire online symposium.

The organizers propose to restrain from choosing the form of participation in the symposium and paying the symposium fee until March or April 2023, because then the possibility of going to conferences will be better known. At the same time, we hope that we will meet at the traditional symposium.
